Emergency Foreclosure Program - Deadline Next Week

I am writing to make sure you are aware of a foreclosure program that has \$55 million available to offer up to \$50,000 in an interest-free, forgivable loan to Minnesota homeowners in danger of foreclosure due to involuntary unemployment, underemployment or medical issues.

I have an urgent request to help get the word out about the Emergency Homeowners' Loan Program (EHLPT) to Minnesota homeowners who may be eligible. As you may know, **the deadline to apply is July 22**. As of today, only 50% of those who have submitted pre-applications are eligible for the program. Minnesota received a funding allocation of more than \$55 million to help 1,405 homeowners keep their homes. It would be a tragedy if these funds were not fully utilized, so please do what you can to reach out to homeowners in your region you think may be eligible, especially those who have contacted you in the past for help.

EHLPT is a first-of-its kind program developed by HUD that will offer up to \$50,000 in interest-free, forgivable loans to Minnesota homeowners in danger of foreclosure due to involuntary unemployment, underemployment or medical issues. In order to be eligible, homeowners must be at least three months behind in their mortgage payment.

Our outreach so far has yielded hundreds of phone calls to the EHLPT Call Center and thousands of visitors to <http://e2ma.net/go/10537827372/3774401/107783350/25709/goto:http://ehlpminnesota.com/>, but there is still a chance that we may not have enough eligible applicants, particularly from Greater Minnesota, to exhaust the available resources.

I encourage you to do what you can to let homeowners in your area know about this resource and help us spread the word. Despite the state shutdown, this outreach will continue and will largely be executed by the Minnesota Homeownership Center, which is an independent non-profit.

Remember, those wishing to participate in the program must act quickly. Pre-applications will be accepted only through July 22. Materials must be received by the Homeownership Center by 5:00 p.m. on July 22.

Please review some additional materials we've created to help you connect with homeowners:
